Annual session 1995
5-16 June 1995, New York

DRAFT REPORT ON THE ANNUAL SESSION
NEW YORK, 5-16 JUNE 1995

II. UNFPA: ANNUAL REPORT OF THE EXECUTIVE DIRECTOR AND
PROGRAMME-LEVEL ACTIVITIES

E. Measures taken to implement Executive Board decision 94/25
"Assistance to Rwanda"

1. Numerous delegations expressed appreciation for the UNFPA activities carried out under the ongoing country programme and especially since the national emergency began. Most spoke in favour of the flexibility shown in the activities undertaken to date and of allowing for overall expenditures of up to \$7.8 million by the end of the country programme. Several delegations, however, expressed reservations about the justifications provided for the possible expenditure of up to \$800,000 more than had been originally approved for the programme.

2. The Director of the Africa Division explained that given the changes in population profiles resulting from the emergency, an extensive demographic survey would be required, as would greater-than-expected investment in the reproductive health/family planning sector owing to the destruction of infrastructure.

3. On the basis of these explanations, the Executive Board approved the recommendations contained in document DP/1995/24/Part II.
